This handbook will be reviewed annually and updated as needed. Parents will be notified when changes are made and will be required to sign a new handbook/addendum agreement reflecting the changes.

Purpose of the Preschool Program

The purpose of the program is to provide safe, affordable care to families in our community. We strive to integrate the Core Values of the YMCA into the program: Honesty, Caring, Respect, and Responsibility. Additionally, we have a responsibility to provide activities and programs components that encourage healthy lifestyle for the children in our care.

The following components have been implemented into the program to create impactful experiences for our program participants, healthy breakfast, healthy lunch, healthy snacks, educational support activities, and special events.

Program goals

The goals of the program are to create an environment where the children we serve can develop a sense of belonging, achievement and build relationships.

Philosophy

The YMCA strives to maintain a positive approach to managing children's behavior at all times. The YMCA teaches positive discipline as the process of teaching how to become responsible, respectful and resourceful members of our community.

Program staff

Staff are a crucial component to the success of our program. The Y values the partnership between program directors and Parents/guardians, and strive to ensure open communication.

The San Angelo YMCA maintains the standards set forth in the Minimum Standards for Child-Care Centers. You may review the child-care minimum standards and the most recent Licensing inspection report at your child's site or at the YMCA. You may contact the local Licensing agency by calling 325-657-7406, the Protective and Regulatory Services child-abuse hotline at 1-800-252-5400, and the protective and Regulatory Services website at www.tdprs.state.tx.us/. Each location is inspected, at a minimum, annually by a licensing representative. Licensing representative ensures our program is in compliance with the minimum standards.

The quality and effectiveness of YMCA services for children are directly related to the skills and personal characteristics of the staff. Recruiting, selecting, training and supporting the staff are essential, interrelated processes in ensuring the success and integrity of children's programs. The leaders are required to have knowledge of child and youth milestones, knowledge of recreation activities, demonstrate the character values, and must possess positive role-model qualities in order to serve as a caregiver for the children.

Staff members are selected for having personality characteristics such as warming, sympathetic, and the ability to relate positively with children, which correlates with the YMCA's 4 core values, caring, honest, respect and responsibility.

Employees are screened, background checks are conducted upon hiring, and employee members who have contact with children receive training in recognizing, reporting, and preventing child abuse. Some of the guidelines for employees are as follows:

- At no time during a Y program may an employee person be alone with a single child where he or she cannot be observed by others. Employees should position themselves in such a way that other staff can see them.
- A child may not be left unsupervised.
- Employees shall not abuse or mistreat children in any way, including
 - physical abuse—striking, spanking, shaking, slapping, etc.

- verbal abuse–humiliating, degrading, threatening, etc.
 - sexual abuse–touching or speaking inappropriately
 - mental abuse–shaming, withholding kindness, being cruel, etc.
 - neglect–withholding food, water, restroom access, or basic care.
- Employees members may not transport children in their own vehicles.
- Profanity, inappropriate jokes, displays of intimate affection, sharing intimate details of one's personal life, and any kind of harassment in the presence of children, parents, volunteers, or other employee is prohibited.
- Outside of the Y, employee members may not be alone with children whom they meet in Y programs. This includes babysitting, sleepovers, driving or riding in cars, and inviting children to their homes. Not following the policy will be grounds for termination of employee and participant.
- Employees may not single out children for favored attention and may not give gifts to youth or their parents.
- Program rules and boundaries must be followed, including appropriate touch guidelines. Children may be informed, in an age-appropriate manner, of their right to set their own "touching" limits for personal safety.
- Children may not be disciplined by use of physical punishment, such as running laps, push-ups, etc. Additionally, employees may not withhold the necessities of care, including food, water, rest and access to restroom facilities.
- Group based consequences may not be used as a result of individual youth's behaviors.
- Food may not be used as an incentive or consequence for behaviors.
- Employees may not date program participants who are under the age of 18.
- Under no circumstances should staff members release children to anyone other than the authorized parent, guardian, or other adult authorized by the parent or guardian (authorization on file with the Y).
- Staff members are to report anyone who violates any of these child abuse rules to their supervisor or next level of supervision.
- Staff members are required to read and sign all policies related to identifying, documenting, and reporting child abuse and to attend trainings on the subject, as instructed by management.
- Staff members are required to fully cooperate with any investigation by the Y, any law enforcement agency or any other authorized outside agency. Failure to do so is considered misconduct and will result in termination.
- Staff members are to make sure the rest room is not occupied by suspicious or unknown individuals before allowing children to use the facilities. Staff members will stand in the doorway of the rest room while children are using the rest room. This policy allows privacy for the children and protection for the staff members (i.e., not being alone with a child). If staff members are assisting younger children, doors to the facility must remain open. No child, regardless of age, should be allowed to enter a bathroom alone on a field trip or at other off-site locations. Always send children in threes (known as the rule of three) and, whenever possible, with staff.
- No staff member will ever strike, swear at, abuse, or threaten with physical intimidation either a child or a parent/guardian.
- No staff member will allow a child to be stricken, sworn at, abused, or physically intimidated by anyone else in the program.
- No child will be allowed to continue in the program that becomes a safety hazard to him/her or others.
- The YMCA has a ZERO BULLYING policy and will take swift action if a staff has been made aware of any child participating in bullying acts.
- No staff members will ever solicit or accept gratuities in consideration for any treatment of a child.

Discipline

The Y strives to use constructive discipline processes that build and reinforce positive relationships. This discipline process serves only as a guideline and the Y reserves the right to skip any or all steps in the process at the sole discretion of the program director. Disciplinary action may include the following:

1. **Reasoning:** Every effort will be made to help the child understand the inappropriateness of his or her actions and agree to an alternate form of behavior. When the conflict is child-to-child, every effort will be made to have them reason together face-to-face with staff facilitating.
2. **Removal from the Specific Activity:** When reasoning has been pursued and behavior has not changed, removing the child from the activity involved for an appropriate amount of time is necessary. The denied activity should be related to the misbehavior and the removal should not exceed 15 minutes. Other duty-oriented consequences suitable to the inappropriate behavior may also be utilized at this stage.
3. **Child/Director Communication:** If inappropriate behaviors continue, the child and staff will have a discussion regarding the behavior and possible solutions. The child will be engaged in finding ways to correct their behavior and supported in making necessary changes.
4. **Parent Communication:** Parent communication in both verbal and written forms will be used to make the parent aware of behavior issues and how they are being addressed. If necessary, the program staff, child and parent may meet together to discuss the behavior and find solutions to correcting the issue.
5. **Program Suspension:** When the previous methods do not achieve a satisfactory correction of inappropriate behaviors, the child may be suspended from the program. The duration of the suspension will be determined by the Preschool directors, and is designed to give the parent and child time to discuss and commit to improving the behavior.
6. **Program Termination:** In the event that the behavior is not corrected, the program directors may determine a program termination is necessary.

Behavior Management

Every effort will be made to follow this discipline process. Behavior that harms the child, another person, or property, or places the child in danger will be dealt with swiftly and may skip steps outlined in this process. Examples of these behaviors may be harming another person or property, or running away from the program.

The safety of a child is the highest priority for setting behavior management procedures.

- When a child has a serious discipline problem (on any ONE occasion), the parent/guardian may be called by staff and asked to pick up the child within thirty minutes of the call. (Biting or injuring another child or staff member, or damaging property are examples of a serious discipline problem.)
- Should it be decided by YMCA directors that a child poses a serious discipline problem the child may be suspended from the program or may be removed from the program entirely.
